

Information about your session

Hello! I've put together a comprehensive pricing guide that includes all the necessary information about the portrait sessions I offer. I believe in providing a variety of options so you can choose what best suits your needs and budget. Please note that I do not offer package deals, as each session is booked individually.

For weddings and maternity sessions, I have a separate guide specifically tailored to those precious moments. I appreciate you taking the time to review this information, and if you have any questions, please feel free to reach out to me via email.

Once you have reviewed the session details and are ready to proceed with booking, I will provide you with a link to my calendar, where you can check my availability. After selecting a suitable date, a \$50 deposit will be required to secure your spot. Kindly note that sales tax will be added to each session.

If you are located in any area within Polk County, there will be no additional travel fee. While I generally prefer to work within my local areas, there are occasions where I can accommodate travel. For a travel fee quote, please don't hesitate to contact me.

Thank you once again for considering my services. I look forward to capturing beautiful memories with you!

How do you get your images?

It is important to me that you receive **all of your images** from our session together. No matter what session you book, you will receive access to an online gallery where you can download and select images for final editing. The amount of images may vary with each type of session. I spend a lot of time editing each image. I often use natural light and keep the editing natural. If you request extra editing (some kind of special edit, wrinkled clothes, skin imperfections etc.) there will be an additional fee.

You have the right to print your images wherever you would like. I do not typically give out a print release form but I highly recommend you do not print your images at Walmart or Walgreens that sometimes require release forms. You also have options for me to print your images for an additional fee if you so choose. **Please do not change the editing in any way, including using filters.** You may crop, collage, make a hard copy (dvd/flash drive), and/or order your pictures however you would like. The online gallery will be guaranteed to stay up for 6 months. Please download and save your images to a hard drive or some type of back up system to ensure you keep your images forever! If you do not save your images after 6 months, there will be an additional fee to recover your images, IF they are still available.

If you do not want to spend time downloading your images you can purchase a flash drive with all of your images in addition to your session fee. \$75 (+tax) - Custom Flash drive.

Full Sessions

Full Sessions that provide a comprehensive photography experience tailored to your preferences and needs. Here are the details:

- * All full sessions take place at a location of your choice. If you need assistance in selecting the perfect location, I will provide you with my location guide to help you make a decision.
- * The duration of the session is up to 1 hour, allowing ample time to capture beautiful moments and create lasting memories.
- * For family photos, I recommend sticking to one outfit. However, if you're booking an engagement session or have a young child who needs a clothing change, you are welcome to have up to two outfits. Coordinating multiple people can be challenging, so focusing on one look often yields the best results.
- * Immediate family sessions (parents and kids) do not have a limit on the number of participants. If you would like to include extended family members or additional individuals, please reach out to me for pricing details.
- * While minimal styling is included in the session, you are responsible for selecting your own outfits. However, I am more than happy to offer input and guidance. If you feel the need to enhance your wardrobe, you have access to a selection of pieces from my wardrobe. If you prefer a comprehensive styling experience for your entire family, consider exploring my Styled Session below.
- * If you choose to have the photoshoot in my studio, you will have complete access to my wardrobe. While we may not spend as much time beforehand choosing and styling the session, you will have the opportunity to make outfit selections upon arrival.
I'm excited to embark on this photography journey with you.

Half Sessions

Half Sessions, perfect for capturing memorable moments in a shorter time frame. Here are the details: * The duration of a Half Session is 30 minutes, ensuring a focused and efficient photography experience. Please note that I strictly adhere to the time limit to accommodate back-to-back sessions.

- * This type of session is suitable for various occasions. Whether you're looking to update your family photos, celebrate milestones, document a cake smash, capture engagement moments, or need professional headshots, the Half Session offers flexibility for a range of photography needs.

When it comes to baby milestone markers, here are some great examples:

- * 3-5 months: This phase is ideal when the baby is able to hold themselves up well and is in that adorable learning to stand phase.
- * 6-8 months: Once your baby can sit up unassisted, it's an excellent time to schedule another session to capture their developing milestones.
- *

I'm thrilled to be a part of capturing these special moments for you.

Senior Sessions

Get ready for an exciting and memorable Full Senior Session. I absolutely adore working with seniors and capturing their unique personalities. Here's what you can expect:

- * The Full Senior Session allows for maximum enjoyment and creativity. I allocate up to 90 minutes for this session, depending on the location and outfit changes required to capture your essence perfectly.
- * To showcase your style and versatility, I recommend planning for three outfits. We'll incorporate a casual look, a slightly dressier option, and an outfit that reflects your personality, such as your uniform, musical instrument, or hobbies.
- * If you need assistance with styling your outfits, I'm here to help! While my client wardrobe is primarily geared towards moms and young kids, seniors are still welcome to explore the available options.
- * Feel free to bring along props that showcase your interests and passions, whether it's a guitar, cello, soccer ball, or any other item that adds a personal touch to your session.
- * If you prefer a shorter session with fewer outfit changes, you can opt for the Half Session, which provides a more condensed experience while still capturing your unique senior year.

I am genuinely excited to be a part of your senior journey and create stunning images that reflect your individuality.
